music in america is one of several case study volumes that can be used along with thinking musically the core book in the global music series thinking musically incorporates music from many diverse cultures and establishes the framework for exploring the practice of music around the world it sets the stage for an array of case study volumes each of which focuses on a single area of the world each case study uses the contemporary musical situation as a point of departure covering historical information and traditions as they relate to the present america s music is a perennial work in progress music in america looks at both the roots of american musical identity and its many manifestations seeking to answer the complex question what does american music sound like focusing on three themes identity diversity and unity it explores where america s music comes from who makes it and for what purpose rather than chronologically tracing america s musical history author adelaida reyes considers how musical culture is shaped by space and time by geography and history by social economic and political factors and by people who use music to express themselves within a community introducing the diversity that dominates the contemporary american musical landscape reyes draws on a dazzling range of musical styles from ethnic and popular music idioms to contemporary art music to highlight the ways in which sounds from various cultural origins come to share a national identity packaged with a 65 minute cd containing examples of the music

discussed in the book music in america features guided listening and hands on activities that allow readers to become active participants in the music

a history of american music its diversity and the cultural influences that helped it develop

the south an inspiration for songwriters a source of styles and the birthplace of many of the nation's greatest musicians plays a defining role in american musical history it is impossible to think of american music of the past century without such southern derived forms as ragtime jazz blues country bluegrass gospel rhythm and blues cajun zydeco tejano rock n roll and even rap musicians and listeners around the world have made these vibrant styles their own southern music american music is the first book to investigate the facets of american music from the south and the many popular forms that emerged from it in this substantially revised and updated edition bill c malone and david stricklin bring this classic work into the twenty first century including new material on recent phenomena such as the huge success of the soundtrack to o brother where art thou and the renewed popularity of southern music as well as important new artists lucinda williams alejandro escovedo and the dixie chicks among others extensive bibliographic notes and a new suggested listening guide complete this essential study

a fascinating exploration of the relationship between american culture and music as defined by musicians scholars and critics from around the world music has been the cornerstone of popular culture in the united states since the beginning of our nation's history from early immigrants sharing the sounds of their native lands to contemporary artists performing benefit concerts for social causes our country's musical expressions reflect where we as a people have been as well as our hope for the future this four volume encyclopedia examines music's influence on contemporary american life tracing historical connections over time music in american life an encyclopedia of the songs styles stars and stories that shaped our culture demonstrates the symbiotic relationship between this art form and our society entries include singers composers lyricists songs musical genres places instruments technologies music in films music in political realms and music shows on television

the music of multicultural america explores the intersection of performance identity and community in a wide range of musical expressions fifteen essays explore traditions that range from the klezmer revival in new york to arab music in detroit to west indian steel bands in brooklyn to kathak music and dance in california to irish music in boston to powwows in the midwestern plains to hispanic and native musics of the southwest borderlands many chapters demonstrate the processes involved in supporting promoting and reviving community music others highlight the ways in which such american institutions as city festivals or state and national folklife agencies come into play thirteen themes and processes outlined in the introduction unify the collection's fifteen case studies and suggest organizing frameworks for student projects due to the diversity of music profiled in the book mexican mariachi african american gospel asian west coast jazz women's punk french american cajun and anglo american sacred harp and to the methodology of fieldwork ethnography and academic activism described by the authors the book is perfect for courses in ethnomusicology world music anthropology folklore and american studies audio and visual materials that support each chapter are freely available on the atmuse website supported by the archives of traditional music at indiana university

when the swedish concert singer jenny lind toured the u s in 1850 she became the prototype for the modern pop star meanwhile her manager p t barnum became the prototype for another figure of enduring significance the pop culture impresario starting

with lind s fabled u s tour and winding all the way into the twenty first century live music in america surveys the ongoing impact and changing conditions of live music performance in the u s it covers a range of historic performances from the fisk jubilee singers expanding the sphere of african american music in the 1870s to benny goodman bringing swing to carnegie hall in 1938 to 1952 s moondog coronation ball in cleveland arguably the first rock and roll concert to beyoncé s boundary shattering performance at the 2018 coachella festival more than that the book details the roles played by performers audiences media commentators and a variety of live music producers promoters agents sound and stage technicians in shaping what live music means and how it has evolved live music in america connects what occurs behind the scenes to what takes place on stage to highlight the ways in which live music is very deliberately produced and does not just spontaneously materialize along the way author steve waksman uses previously unstudied archival materials to shed new light on the origins of jazz the emergence of rock n roll and the rise of the modern music festival
